Help Save The Women You Love

If a woman must tell the people she loves ... children, husband, partner, teammates, colleagues, friends, parents, sisters, brothers ... that she has cancer, all of those lives are changed forever.

Support the Kicks Against Breast Cancer™ Pin Project. It's the American soccer initiative to help women with cancer survive and thrive. Buy pins for your teammates, family, friends, players and coaches. Wear them proudly.

Order your Kicks Against Breast Cancer™ pins today at www.kicksagainstabreastcancer.org.

10 Pins for \$30. 100% of all profits from the Kicks Against Breast Cancer™ soccer pin go to the Claudia Mayer Cancer Resource and Image Center, a service of Howard County General Hospital, a Member of Johns Hopkins Medicine. For complete information on the Kicks Against Breast Cancer™ program, visit www.kicksagainstabreastcancer.org.

Landon Donovan and some of the women he loves, his mom Donna Kenney-Cash and twin sister Tristan Donovan, are the first spokesfamily of the Kicks Against Breast Cancer™ Pin Project.
